

INSIDE ENGRAVING

Though labor intensive, inside engraving is available at a small additional charge.

There are several reasons you might want inside engraving:

1) To expand the amount of space for names. Many groups would like to list, if possible, all their lost.

2) To double the function of your bracelet to an id bracelet:

Ex. Property of John Jones

Ex. JOHN JONES
 137 ELM ST
 ANYTOWN ME 12345

Ex. Worn Proudly by
 JOHN JONES

3) To add a private message:

Ex. You have my whole heart for my whole life.
